John & Juan-

(Juan- note the email below from John regarding his current absence).

Please see the email from Nordion below and the attached files. This is in support of Nordion's request for a transport certificate endorsement for the F-522 package, with response to the questions discussed during a conference call between Nordion, DOT and NRC on October 25, 2017.

There are 2 copies of the response, one being a redacted version; there is an affidavit attached to support the redacted version.

Also, please note Greg's question in his email regarding protection of proprietary information as a follow-up to our discussion on this issue.

At your earliest convenience, let's discuss which documents you see as covered by their affidavits.

Hi Mike,

I will be doing a short rotation to Region IV from next Monday, October 30, to November 17. In the meantime, Juan Uribe will be backfilling as PM for the F-522. You can contact Juan at Juan.Uribe@nrc.gov or 301-415-3809.

Currently, we are awaiting a supplemental RAI response, prospectively for November 10. Please email the submittal to Juan and cc me, when Nordion sends it to you. Thanks!

Subject: Response to NRC questions on F522 (171024)

Hello Mike,

Please find attached, Nordion's response to the latest NRC questions. I have included an affidavit and a redacted copy for NRC.

Would you be able to follow up with NRC to understand how they will be managing our previous request for withholding of information? I do not want anything to get missed and find our responses on ADAMS.

Thanks and Best Regards,
