Mark:

The April 11, 2018, submission from Mr. Marc Henderson, President, CEO and Director, Laramide Resources Ltd., has been placed into ADAMS and can be found at ML18141A769. I removed the attached September 19, 2017, NRC letter and Technical Evaluation Report within the April 11, 2018, submission as it is already a public document in ADAMS and can be found at ML17242A083.

We will review the April 11, 2018, submission using the CAC/EPID (000092/04008968/L-2017-LLA-0108, HRI CROWN POINT - License/Certificate Amendment - NUFUELS Name Change) to track charges related to this review. This replaces the previous CAC L00847 that was used to track review costs.

In accordance with 10 CFR 2.390 of the NRC's "Agency Rules of Practice and Procedure," a copy of this correspondence will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records component of NRC's Agencywide Documents Access and Management System (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Yes, I received it last week. It came direct to me, not ADAMS, so I will need to have it placed in ADAMS. Ron
