Magdalena,

Please consider this letter our notification of the following changes affecting license number #24-18628-01. We will submit a formal amendment application as soon as possible.

1. We have added a new PET/CT machine to our licensed facility at 2800 Clay Edwards Dr., Kansas City MO, 64116. We are only using F18 at this location at this time.

I have enclosed the shielding design, maps of the areas above and below the suite, and of the suite itself. The area above is roof and has no permanent occupation. The area below is shipping and receiving and has minimal occupation.

2. Our RSO, Martin Richman, has resigned effective June 25, 2018. We are working with our physics group Diagnostic Technology Consultants Inc. (DTC) for their services in this area. Ruth Schukman-Dakotas from DTC has agreed to serve as RSO effective June 25, 2018. Ms. Schukman-Dakotas has served as medical RSO for specific- and broad-scope medical licenses for the past 37 years. We will submit her documentation with the amendment request.

We greatly appreciate your attention to this matter. Please contact Karen Sweeney or Joe Strano at (816) 691-5201 or Ruth Schukman-Dakotas at (913) 523-3572 if you have any further questions.

Sincerely,

A handwritten signature in black ink that reads "Matt Foresman".

Matt Foresman
Vice President, Professional Services
Office: (816) 691-2096
