SUBJECT: VOID LETTER CONCERNING APPLICATION FOR LICENSE AMENDMENT,  
CONTROL NUMBER 602569

Dear Dr. Harmon:

This concerns the subject application for an amendment to your material license and our letter dated May 10, 2018 in which we notified you that the application was deficient and that certain additional information was required. You submitted a response to the request for additional information on May 17, 2018. We had a telephone conversation on May 22, 2018 to discuss additional information needed. On May 23, 2018, you sent us an email stating that you would like to withdraw your original license amendment dated February 22, 2018 and resubmit your license amendment request in the next one to two months after Dr. Wright has the opportunity to gather the information necessary to show she is qualified for 10 CFR 35.200 material authorization going through the alternate pathway as outlined in 10 CFR 35.290(c).

The NRC has concluded that you are no longer pursuing this application for an amendment. Therefore, you are hereby notified that this application for an amendment has been voided without prejudice. This action is without prejudice to the resubmission of an application.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Thank you for your understanding.

Sincerely,
