Good morning Shari. For your request dated April 18, 2018, can you clarify:

1. Dr. Shelton has documented experience with I-131 only and your license is limited to less than 33 mCi for I-131 uses under 35.300. Please confirm that he should be limited to I-131<33 mCi only for 35.300 uses; similar to Dr. Hummel -This is correct

NMSS/RONI MATERIAL S-002

2. Please confirm if you would like to remove Dr. Rademacher as the RSO and as an Authorized User with this amendment.- Yes once Dr. Mitchell is listed as the RSO than Dr. Rademacher can be removed from the license and as RSO.

You may reply by email to my attention. Thank you for your assistance,
