Group Vice President  
Nuclear Energy Department  
P. O. Box 14000  
Juno Beach, FL 33408

Gentlemen:

SUBJECT: FPL TOPICAL QA PROGRAM UPDATE

Your letter dated June 12, 1986 (L-86-244), transmitted FP&L's Topical Quality Assurance Report (FPLTQAR 1-76A), Revision 9, in accordance with 10 CFR 50.54(a). This report provides the current quality assurance program description for Turkey Point and St. Lucie (Docket Nos. 50-250, 50-251, 50-335, and 50-389). Our letter dated July 21, 1986, requested additional information with which to complete our review.

A telephone conference was held August 25, 1986, between Mr. G. Belisle of our staff and Mr. R. Stephens and other members of your staff to discuss our questions. Your letter dated September 9, 1986 (L-86-363), provided confirmation of this conversation.

Our review of this information indicates that Amendment 9 of your Topical Quality Assurance Report continues to satisfy 10 CFR 50 Appendix B requirements and is therefore acceptable.

We appreciate your prompt response to our questions regarding information required by 10 CFR 50.54(a). Please contact us if you have questions concerning this letter.

Sincerely,

Original Signed by  
Luis A. Reyes /for

Roger D. Walker, Director  
Division of Reactor Projects
