SUBJECT: NOMINATION OF KERRI A. KAVANAGH AS A MEMBER OF THE COMMITTEE  
ON NUCLEAR CERTIFICATION

Dear Mr. Stevenson:

I would like to nominate Ms. Kerri A. Kavanagh as the authorized Nuclear Regulatory Commission (NRC) representative on the Committee on Nuclear Certification, which reports to the Board of Conformity Assessment (BCA). Ms. Kavanagh is currently a Branch Chief in the Office of New Reactors and is responsible for managing quality assurance reviews and inspections of nuclear vendors and applicants for new reactor licenses and design certifications. In addition, Ms. Kavanagh serves as an NRC representative on BCA. Ms. Kavanagh is replacing Mr. Richard McIntyre, who has since retired.

In accordance with the Office of Management and Budget Circular A-119, "Federal Participation in the Development and Use of Voluntary Consensus Standards and in Conformity Assessment Activities," February 19, 1998, the participation on a committee of an NRC-authorized representative does not connote agency agreement with, or endorsement of, decisions reached by the committee, or of standards approved and published as a result of the committee's efforts. Agency representatives participating on standards developing groups will, to the extent possible, ascertain the views of the agency on matters of interest and will express views that are consistent with established agency views.

Correspondence should be addressed to:
