Subject: [External_Sender] RE: NRC's Proposed Dates for Scheduling a Webinar and Teleconference Regarding the Dewey-Burdock ISR Project
Date: Friday, May 18, 2018 3:13:42 PM

Good afternoon,

Thank you for the invite, unfortunately the webinars conflict with a Tribal Cultural Specialist training I am doing May 25-June 1st. Is there a possibility of additional dates for the webinar?

Subject: NRC's Proposed Dates for Scheduling a Webinar and Teleconference Regarding the Dewey-Burdock ISR Project

Hello Mr. Eagle,

Attached you will find an electronic copy of the NRC's invitation to participate in a webinar and teleconference regarding the Dewey-Burdock in situ uranium recovery project in Fall River and Custer Counties, South Dakota. A hardcopy will be provided by mail. The NRC staff would greatly appreciate a response as to which proposed date and time works best for your schedule by Tuesday, May 22, 2018.

Additionally, the NRC and contractor staff plan to contact you by phone on Monday, May 21, 2018 to follow-up with you regarding this project.

Please feel free to contact me with any questions you may have.
