Subject: [External_Sender] SCHEDULE UPDATE FOR COMPLETION OF DECOMMISSIONING AT NAVAL SURFACE WARFARE CENTER DAHLGREN DIVISION
Date: Friday, April 27, 2018 12:03:14 PM
Attachments: [18-0104-2-NRSC Letter - NRSC signed.pdf](#)

Mr. Seeley

The attached NRSC letter has been reviewed and signed. This document provides NRC with a revision to the decommissioning schedule.

Let me know if you have any questions.

Vr,
Jerry

Dear Mr. Seeley:

SUBJECT: SCHEDULE UPDATE FOR COMPLETION OF DECOMMISSIONING AT NAVAL
SURFACE WARFARE CENTER DAHLGREN DIVISION

The Navy's radioactive materials program is licensed with the Nuclear Regulatory Commission (NRC) under Master Materials License Number 45-23645-01NA. Radiological operations involving licensed radioactive materials at Naval Surface Warfare Center, Dahlgren Division (NSWCDD) were authorized by Naval Radioactive Materials Permit (NRMP) No. 45-00178-S1NP. This NRMP was converted to 45-00178-Y1NP for storage of depleted uranium, pending decommissioning, and subsequently converted to 45-00178-D1NP for decommissioning. Chief of Naval Operations Washington, DC letter 5090 Serial N45/17U132374 of 15 May 2017 provided the alternate decommissioning plan to the NRC for NSWCDD, Building 200.

The schedule for completion of decommissioning activities at NSWCDD is delayed due to 2017 final status survey (FSS) results, necessitating additional remedial action at NSWCDD, Building 200. The decommissioning projected milestones from the letter of 15 May 2017 were adjusted, per enclosure (1), to reflect the time necessary to acquire project funding and perform needed additional field work to complete decommissioning activities. Note that the original estimated completion date of 31 July 2018 is not achievable due to the comparatively long lead time in procuring funding for the remediation project.

If you have additional questions, please do not hesitate to contact me via telephone at (703) 695-5259 or through electronic mail at jerry.n.sanders@navy.mil.

Sincerely,

Naval Sea Systems Command Detachment, Radiological Affairs Support Office

SCHEDULE UPDATE FOR COMPLETION OF DECOMMISSIONING ACTIVITIES

Projected Milestones

1. 28 February 2023: NSWCCD secures funding approval to support B200 remediation and FSS.
2. 31 August 2023: NSWCCD contracts for B200 remediation and FSS.
3. 31 August 2024: Contractor completes B200 project work and submits the project completion report, inclusive of FSS report, to NSWCCD and the Naval Sea Systems Command Detachment, Radiological Affairs Support Office (NAVSEA DET RASO) for review.
4. 31 December 2024: NAVSEA DET RASO completes the review of the FSS report and forwards it to the Naval Radiation Safety Committee (NRSC).
5. 31 January 2025: NRSC forwards the FSS report to the NRC.
6. 31 July 2025: NRSC terminates NRMP 45-00178-D1NP.

ACKNOWLEDGEMENT - RECEIPT OF CORRESPONDENCE

Name and Address of Applicant and/or Licensee Department of the Navy Office of the Chief of Naval Operations ATTN: Jerry N. Sanders, Executive Secretary 2000 Navy Pentagon (2D253) Washington, DC 20350-2000	Date May 25, 2018
	License Number(s) 45-23645-01NA
	Mail Control Number(s) 608846
	Licensing and/or Technical Reviewer or Branch Orysia Masnyk Bailey

This is to acknowledge receipt of your: Letter and/or Application Dated: 04/27/2018

The initial processing, which included an administrative review, has been performed.
 Amendment Termination New License Renewal

There were no administrative omissions identified during our initial review.

This is to acknowledge receipt of your application for renewal of the material(s) license identified above. Your application is deemed timely filed, and accordingly, the license will not expire until final action has been taken by this office.

Your application for a new NRC license did not include your taxpayer identification number. Please complete and submit NRC Form 531, Request for Taxpayer Identification Number, located at the following link: <http://www.nrc.gov/reading-rm/doc-collections/forms/nrc531.pdf>
 Follow the instructions on the form for submission.

The following administrative omissions have been identified:

Your application has been assigned the above listed MAIL CONTROL NUMBER. When calling to inquire about this action, please refer to this control number. Your application has been forwarded to a technical reviewer. Please note that the technical review, which is normally completed within 180 days for a renewal application (90 days for all other requests), may identify additional omissions or require additional information. If you have any questions concerning the processing of your application, our contact information is listed below:
