Subject: [External_Sender] Corrective Action for Incident 53306
Attachments: IMG_1507.jpg

I talking with Corporate Radiation Control and my General Manager, The NACHER Corporation(Member of Mistras Group), Louisiana License LA-13065-L01, will begin to outfit all offshore darkrooms with 25# lead shot bags and 16" X 16" X 1/4" lead sheet, to be used if necessary for temporary shielding of any un-shielded radiography source. We currently have 14 offshore darkroom that we will begin to outfit with these items as they come in from projects that they are currently on.

Let me know if you need any more information from me concerning this corrective action or incident 53306.

Regards,

David

David Boudreaux

QA/QC Manager / Radiation Safety Officer
