RE: Request for redacted documents

Dear Mr. Conroy,

Please find attached, a response to the latest NRC comments on Nordion's F-522 transport package endorsement request that were provided through email on May 16, 2018. In that request, NRC was asking for redacted documentation (letters, procedures) as well as an affidavit to withhold information from the public domain.

Appended to this letter is redacted communications dated September 20, 2017 and January 16, 2018 as well as Nordion procedure R119.017.SUR, "Shielding Analysis Report for F-522 Mo-99 Impurities". I am also including an affidavit requesting that these documents be withheld from the public domain.

Should you have any questions, please do not hesitate to contact me at (613) 592-3400 extension 2658, or e-mail at greg.fulford@nordion.com.

Yours truly,

Greg Fulford
Nuclear Transportation Specialist
Nordion

Encl.

Redacted Letters to M. Conroy dated September 20, 2017 and January 16, 2018
Affidavit dated May 29, 2018
