Mr. Greene,

This refers to your request for a new license dated February 20, 2018. In order to continue our review of your request, the following additional information is needed:

1. Please provide a facility diagram for the Morgantown, WV storage location. Please include the location where the portable gauges are going to be stored and on the diagram, list the use of adjacent areas around the storage area.
2. Please state, in writing, whether you will either possess and use, or have access to and use, a radiation survey meter that meets the criteria in the section titled, "Radiation Safety Program – Radiation Monitoring Instruments" in NUREG-1556, Vol. 1, Rev. 2, "Consolidated Guidance About Materials Licenses: Program-Specific Guidance About Portable Gauge Licenses," in the event of an incident.
3. Please state, in writing, that you will implement and maintain procedures for routine maintenance of our gauges according to each manufacturer's written recommendations and instructions and
4. Please state that the gauge manufacturer or other person licensed by the NRC or an Agreement State will perform non-routine maintenance or repair operations that require detaching the source or source rod from the gauge.

Your reply must be an originally signed and dated letter. The letter may be scanned and submitted as a pdf document attached to an email; or it may be transmitted by facsimile to (610) 337-5269; or it may be sent by regular mail. If we do not receive a reply from you within 30 calendar days from the date of this e-mail, we will assume that you do not wish to pursue your application.
