SUBJECT: RESPONSE TO NRC INSPECTION REPORT 030-20394/2018-001 AND NOTICE  
OF VIOLATION

Dear Mr. Morioka:

On February 27, 2018, the U.S. Nuclear Regulatory Commission (NRC) cited Par Hawaii Refining, LLC., for two violations, which involved the failure to test the on-off mechanism (shutter) and indicator of fixed nuclear gauges at intervals not to exceed 6 months, and the failure to conduct a physical inventory every 6 months to account for all sealed sources and/or devices received and possessed under the license. The NRC Inspection Report 030-20394/2018-001 with enclosed Notice of Violation (Notice) required you to respond in writing in 30 days (NRC Agencywide Documents Access and Management System (ADAMS) Accession ML18054A839). In a letter dated April 12, 2018, you provided your response to the Notice of Violation (ML18117A232).

After reviewing the information provided in your response to the Notice, we have concluded that your completed and proposed actions appear to adequately address the regulatory noncompliances described in the Notice. We will review your implementation of these corrective actions during a future inspection to determine whether full compliance has been restored and whether compliance will be maintained.

In accordance with 10 CFR 2.390 of the NRC's "Agency Rules of Practice and Procedures," a copy of this letter will be made available electronically for public inspection in the NRC Public Document Room or from the NRC's ADAMS, accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Sincerely,

/RA/
