Virginia Electric and Power Company  
ATTN: Mr. J. P. O'Hanlon, Senior  
Vice President - Nuclear  
Innsbrook Technical Center  
5000 Dominion Boulevard  
Glen Allen, VA 23060

SUBJECT: APRIL 1999 GENERIC FUNDAMENTALS EXAMINATION SECTION  
NORTH ANNA AND SURRY POWER STATIONS

Dear Mr. O'Hanlon:

The NRC plans to administer the Generic Fundamentals Examination (GFE) section of the written operator licensing examination on April 7, 1999. To register personnel to take the GFE, an authorized representative of your facility must submit *either a letter indicating no candidates are scheduled to participate in the GFE or a letter listing the names of candidates for the examination*. This letter should be submitted to the appropriate NRC Regional Administrator, with a copy to the Chief, Operator Licensing and Human Performance Branch, Region II, and to the Chief, Operator Licensing and Human Factors Branch, Mail Stop O-9-D-24, U. S. Nuclear Regulatory Commission, Washington, DC 20555.

Your letter should identify the individuals who will take the examination. The letter should certify that they are enrolled in a facility licensee-sponsored program leading to an NRC operator or senior operator license and that they will have completed their fundamentals training by the date of the examination. The letter should also identify the personnel who will have access to the examinations before they are administered (e.g., proctors) and the address to which the examinations are to be sent. The letter should be received in both the NRC Regional and Headquarters' offices 30 days before the examination date to allow the NRC to assign docket numbers. A sample registration letter is enclosed.

If after your registration letter has been sent your facility has questions regarding proposed changes in personnel scheduled to take the GFE or if the facility decides to delete candidates from the GFE, please contact Mr. George Usova, GFE Coordinator, Operator Licensing Branch, Division of Reactor Controls and Human Factors, Office of Nuclear Reactor Regulation, at (301) 415-1064.
