Gentlemen:

VIRGINIA ELECTRIC AND POWER COMPANY
SURRY POWER STATION UNITS 1 AND 2
MONTHLY OPERATING REPORT

The Monthly Operating Report for Surry Power Station Units 1 and 2 for the month of January 1998, is provided in the attachment.

A review of historical data revealed that the cumulative hours of operation was incorrect by one hour. Daylight savings time was not taken into account for month of October 1973 on the Unit 2 total. This hour has no significant effect on related data and has been added to the accumulative total on this report on page 4, item 11.

If you have any questions or require additional information, please contact us.

Very truly yours,

D. A. Christian, Station Manager
Surry Power Station
