SUBJECT: NRC INSPECTION REPORT NOS. 50-280/96-10 AND 50-281/96-10

Dear Mr. O'Hanlon:

Thank you for your response of November 26, 1996, to our Notice of Violation, issued on October 28, 1996, concerning activities conducted at your Surry facility. We had questions related to your response that were discussed with Ms. C. Lovett of your staff and Mr. W. Miller of this office on December 16, 1996.

It is our understanding the review and implementation of the applicable storage and preventive maintenance requirements for the motors and other rotating equipment will be completed by February 28, 1997.

With these clarifications, we have evaluated your response and found that it meets the requirements of 10 CFR 2.201. We will examine the implementation of your corrective actions during future inspections.

We appreciate your cooperation in this matter.

Sincerely,
