Gentlemen:

VIRGINIA ELECTRIC AND POWER COMPANY  
SURRY POWER STATION UNITS 1 AND 2  
CONFIRMATION OF ACTION LETTER  
MAIN CONTROL ROOM AND EMERGENCY SWITCHGEAR ROOM  
AIR CONDITIONING SYSTEM - SUMMARY REPORT

Our letter (Serial No. 88-689) of October 19, 1988, in conjunction with commitments made during a meeting on October 26, 1988, identified several items which required investigation and appropriate corrective action prior to plant restart. One of those items addresses the adequacy of the main control room and emergency switchgear room air conditioning system. This letter forwards for your information and review the summary report of this issue which includes test findings, corrective actions, and interim operating restrictions.

Should you have any questions concerning the summary report, please do not hesitate to contact us.

Very truly yours,

W. R. Cartwright
