DOCKET 50-255 - LICENSE DPR-20 -  
PALISADES PLANT - STEAM GENERATOR  
REPAIR PROJECT TRANSMITTAL OF REVISION 1  
TO ENVIRONMENTAL ASSESSMENT REGARDING  
PROPOSED BARGE SLIP

Consumers Power Company letter dated March 31, 1980, submitted a document entitled, "Environmental Assessment, Palisades Plant, Steam Generator Replacement". This document addressed the environmental effects of a proposed barge slip which would be required to support steam generator repair efforts. Our program for steam generator repair was described in "Palisades Plant-Steam Generator Repair Report" submitted by Consumers Power Company letter dated January 3, 1980, as subsequently revised.

Transmitted herewith for your information are 40 copies of Revision 1 to the Environmental Assessment submitted March 31, 1980. Revision 1 makes minor changes and provides additional information regarding noise levels attributable to barge slip construction activities and proposed mitigative actions to reduce adverse environmental impacts.

STEAM GENERATOR REPAIR PROJECT

Docket No 50-255

License DPR-20

At the request of the Commission and pursuant to the Atomic Energy Act of 1954, and the Energy Reorganization Act of 1974, as amended and the Commission's Rules and Regulations thereunder, Consumers Power Company submits Revision 1 to the report entitled, "Environmental Assessment-Palisades Plant Steam Generator Replacement" dated May, 1980. This report discusses the environmental effects associated with a proposed barge slip which would be constructed as part of the potential repair program based on complete replacement of the existing steam generators if major repairs become necessary.
