Re: Docket ID NRC-2018-0052 Holtec International's HI-STORE Consolidated Interim  
Storage Facility Project for Spent Nuclear Fuel in Lea County, New Mexico

Dear NRC Representative: WE DO NOT CONSENT!

*My past experience*

*Borehole Unproven technology.  
Drilling through a major aquifer  
with no concern for contamination  
of the water used for Agriculture  
and future source for El Paso.*

*Question?*

*Is France a major financial  
backer and are they planning  
on bringing their waste here  
too?*

*Its obvious Holtec has no concerns  
for citizens of NM or US with  
shipping it from everywhere  
& the risk of contamination.*

Re: Docket ID NRC-2018-0052 Holtec International's HI-STORE Consolidated Interim  
Storage Facility Project for Spent Nuclear Fuel in Lea County, New Mexico

Dear NRC Representative: WE DO NOT CONSENT!

My past experience

Borehole Unproven technology.  
Drilling through a major aquifer  
with no concern for contamination  
of the water used for Agriculture  
and future source for El Paso.

Question?

Is France a major financial  
backer and are they planning  
on bringing their waste here  
too?

It's obvious Holtec has no concerns  
for citizens of NM or US with  
shipping it from everywhere  
& the risk of contamination.
