

1. Does the applicant have a current NRC or Agreement State license?

If so, please state the NRC or Agreement State license number.

2. Does the applicant have a current State or federal government license/registration/authorization for other operations within the scope of its proposed licensed activities?

If so, please state the State or federal government license/registration/authorization number.

3. Please indicate if you, Mr. Robert Kersey, have been a previous authorized or Radiation Safety Officer (RSO) of a fixed gauge licensee working under an NRC or Agreement State fixed gauge license.

If so, please state your years of experience as a fixed gauge user with another company, company name, and license number, if applicable.

4. Please provide copies of proof of business insurance, federal tax identification number, professional licenses, and/or driver's license.

5. Please provide an organizational chart with individual's names and positions/titles.

6. Please note that we are in receipt of your new license application dated April 13, 2018.

Please note that the NRC Form 313, must be signed and dated by a representative of the corporation or legal entity filing the new license application who is authorized to make binding commitments and to sign official documents on behalf of the applicant.

Please resubmit NRC Form 313 signed and dated by the proper certifying officer.

7. Please submit documentation demonstrating the proposed radiation safety officer's training and experience (e.g., certificate of completion of the RSO's course and/or the authorized user's course).

8. Although you state that authorized user training will be provided by SABIA, Inc. prior to the installation of sources into the device, please commit to the following: the statement: "Before using licensed materials, authorized users will have successfully completed one of the training courses described in Criteria in the section entitled 'Authorized Users' in NUREG-1556, Vol. 4, Rev. 1.

9. Please expand Radiation Safety Program – Leak Tests to include the following: the phrase: "Or using a leak test sample collection kit supplied by an organization licensed by the NRC or an Agreement State to provide leak test kits and/or sample analysis services to other licensees and according to the kit supplier's instructions."
