Subject: NRC Follow-Up Teleconference Call Regarding the Dewey-Burdock ISR Project
Date: Monday, June 04, 2018 6:01:50 PM
Attachments: [EMail from John Mays re Payment of Honorariums - ML18152B332.pdf](#)

Hello Mr. Kills A Hundred,

The U.S. Nuclear Regulatory Commission (NRC) conducted two webinar and teleconference call sessions, on June 1 and June 4, 2018, to gather input from the Tribes and discuss the survey methodology to be used at the field survey the NRC has scheduled for June 11-22, 2018 (first phase) and September 3-14, 2018 (second phase). Based on the information gathered, the NRC is scheduling a follow-up teleconference call tomorrow June 5, 2018, at 4:00 PM EDT to finalize the discussions regarding the methodology.

The teleconference call information is:

Teleconference call number: 1-800-857-6197
Pass code: 43383

In addition, the NRC staff would like to convey the most recent proposal from Powertech (USA), Inc. regarding the structure of reimbursement for lodging, per diem, mileage, and honoraria. Attached please find the e-mail from Powertech to the NRC staff regarding this matter.

For planning purposes, the NRC staff is also requesting that you confirm whether or not you intend to participate in the field survey effort on June 11-22, 2018, by this Thursday, June 7, 2018.

Please contact me if you have any questions.

Thank you,
Kellee
