Subject: [External_Sender] Re: License Renewal: Strata Data, Inc.

I have been in contact with Justin Griffin and Charles Streeper who work for ORSP in Los Alamos and they have given me a list of possible brokers who could do the source gathering and transportation of Strata Data Inc.'s 2 Am Be and 8 Cesium radioactive sources that I have in Casper, Wyoming. Russ Meyer with the SCATR program has also been helping me with the disposal of these sources and has stated that they might be able to cover some of the costs involved with this.

I will keep you informed of the progress of this situation and hopefully can in the very near future properly dispose of these sources.

Sincerely

John H Beckner

Subject: License Renewal: Strata Data, Inc.

Docket: 03020110
License: 49-21256-01
Control: 602056

This is in reference to your request to renew your material license. In order to continue our review, we need the following additional information.

During your last inspection on June 26, 2017, you indicated that you were in the process of disposing of your radioactive material. Please provide details as to how and when you plan to dispose of the radioactive material that you currently possess. Please include any attempts that you have made to contact and secure the services of waste broker.

Please provide this information by April 20, 2018. Please reference mail control number 602056 in your response. Your response should be on letterhead, sign and dated. You may submit your response by email as a pdf. attachment. If you have any questions, please feel free to contact me at the number below.
