Dear Mr. Williams:

Enclosed is a copy of the proposed revisions to the New York State Department of Health, Radiological Health Rules, 10NYCRR Part 16. The proposed revisions will be made available for public comment once published in the State Register expected later this year. We would appreciate NRC's comments at your earliest convenience. The proposed regulations along with the corresponding RATS ID are attached.

We believe that adoption of these revisions satisfies the compatibility and health and safety categories established in the Office of Nuclear Material Safety and Safeguards (NMSS) Procedure SA-200.

If you have any questions, please feel free to contact me at 518-402-7550 or Robert Dansereau of my staff at 518-402-7590 or Robert.Dansereau@health.ny.gov.

Sincerely,
