**RE: Reciprocity Certificate Number: 66-0021
Inspection Number: 0021-15**

Dear Mr. Desgagne:

On May 1 and May 2, 2018, Tony Carpenito of the Massachusetts Department of Public Health, Radiation Control Program, conducted a reciprocity inspection of the Co-60 source loading operations your staff performed at Isomedix Operation (STERIS) in Northborough, Massachusetts. The inspection was an examination of your licensed activities as they relate to radiation safety and to compliance with the Agency's regulations and the license conditions. The inspection consisted of observations by the inspectors, interviews with personnel, and a selective examination of representative records. The findings of the inspection were discussed with your staff at the conclusion of the inspection.

There were no items of noncompliance found as a result of this inspection.

Thank you for your continued cooperation with our office.

Sincerely,

John M. Priest, Jr., Director
Radiation Control Program
