Dana Jackson, Senior Remedial Project Manager-
Beltsville, Agricultural Research Center
United States Department of Agriculture
Building 003, Room 121
10300 Baltimore Avenue
Beltsville, MD 20705

SUBJECT: THANK YOU FOR EDUCATIONAL PRESENTATION AND TOUR OF THE
REMEDiated LOW-LEVEL RADIOLOGICAL BURIAL SITE AT THE USDA'S
BELTSVILLE AGRICULTURAL RESEARCH CENTER IN BELTSVILLE, MD

Dear Mr. Jackson:

I would like to thank you for putting together the May 8th presentation and tour of the remediated low-level radiological burial site at the USDA's Beltsville Agricultural Research Center for four representatives of our NRC headquarters Material Decommissioning Branch. At a recent meeting, the Branch Chief indicated that your pictures and description of the "before" condition of the site, and the subsequent tour of the remediated site with Mark Roberts of my staff, gave him and his staff members an appreciation of the complexities of the process for remediating a site as well as satisfaction that a site could be successfully remediated for unrestricted use. Thanks again for taking the time to put together an informative presentation.

Sincerely,

A handwritten signature in black ink, appearing to read "Raymond J. Powell".

Raymond J. Powell, Chief
Decommissioning, ISFSI, and
Reactor HP Branch
Division of Nuclear Materials Safety
