Subject: Request for Information (RAI); Mail Control Number 608567 for License 08-17447-01

Mr. Park,

This refers to the undated license amendment application to designate a new RSO submitted by Mr. McKeighan and received by our office on April 26, 2018 ([ML18117A381](#)). In order to complete the review of the application, please reply to each of the following items within **15 days** of this correspondence. Your responses must be in the form of a signed and dated letter from Mr. McKeighan (or equivalent), who has been designated as the licensee Certifying Officer for the U.S. Customs and Border Protection license. Preferably the letter will be scanned and submitted as a pdf document attached to an email to me. Alternatively, it may be transmitted by facsimile to (610) 337-5269 or it may be sent by regular paper delivery (such as US mail) to the Region I address on the NRC from 313.

1. The amendment included a request for a change in Radiation Safety Officer (RSO) to Mr. Shinkyu David Park. The RSO must have a signed and dated "Delegation of Authority" document. A template for such a document is attached. Please be sure that both the manager and RSO sign and date the document. Please return the delegation of authority as an attachment to the reply letter to this RAI.
2. The amendment request included two corrections and the addition of another Am-241 source to the license. The corrections have been made but more information is required to add the Am-241 source. Please provide the manufacturer names and model numbers for the sealed Am-241 sources you wish to possess so that the sealed source and device registry (SSDR) safety certificate for the source can be verified.

If you have any questions please don't hesitate to contact me.

Sincerely,

James R. Cassata, Ph.D., CHP

Current NRC regulations and guidance are included on the NRC's website at www.nrc.gov; select **Nuclear Materials; Medical, Industrial, and Academic Uses of Nuclear Material**; then **Toolkit Index Page**. Or you may obtain these documents by contacting the Government Printing Office (GPO) toll-free at 1-888-293-6498. The GPO is open from 7:00 a.m. to 9:00 p.m. EST, Monday through Friday (except Federal holidays).

You may also find the NUREG 1556 "Consolidated Guidance About Materials Licenses:" series of references very helpful at: <http://www.nrc.gov/reading-rm/doc-collections/nuregs/staff/sr1556/>

Note: Failure to submit a reply within 30-days of this email will result in the NRC voiding your request and you will need to resubmit a new request for an amendment.
