Mr. Collins,

EPRI does not have any issues with the NRC incorporating MRP-335, Revision 3-A, by reference into Title 10 of the Code of Federal Regulation, Part 50.55a.

Greetings,

Thanks for the phone call on Friday, sorry I was out of the office. What you provided on the phone message was entirely adequate, however our folks here would appreciate it if we could put EPRI's acceptance of the question below in ADAMS as a record of EPRI's permission. At this point, we don't need a formal letter, just a response to this email will meet their needs.

Does EPRI have any issues with the NRC incorporating MRP-335, Revision 3-A, by reference into Title 10 of the Code of Federal Regulations, Part 50.55a?

Please let me know if you have any questions or concerns. I once again thank you for your time and assistance in this matter,

Jay Collins,
Sr. Materials Engineer
Piping and Head Penetration Branch
US Nuclear Regulatory Commission
