Dear Mr. Keller:

Thank you for your May 3, 2018 letter concerning the U.S. Nuclear Regulatory Commission (NRC) Inspection conducted at Fort Hood, Texas on April 3, 2018.

I have received and reviewed the inspection report 040-09083/2018-001 finding that the licensed activities at Fort Hood, Texas were conducted in accordance with the approved procedures, license requirements, and applicable NRC regulations. I am very pleased with the findings of your inspection, and I will continue to provide oversight of the license radiation safety program across the Installation Management Command.

If you have any questions or concerns please feel free to contact me directly or my point of contact, Dr. Robert Cherry, 210-466-0368, robert.n.cherry.civ@mail.mil.

Sincerely,

A handwritten signature in black ink, appearing to read "K. Dahl".
