and Safeguards

SUBJECT: SUMMARY OF WEBINAR AND TELECONFERENCE CALL
SESSIONS TO DISCUSS THE SURVEY METHODOLOGY FOR
THE DEWEY-BURDOCK IN SITU URANIUM RECOVERY
PROJECT (DOCKET NUMBER: 40-9075)

On June 1, June 4, and June 5, 2018, the U.S. Nuclear Regulatory Commission staff conducted webinar and teleconference call sessions to discuss and establish the methodology to be implemented at the impending field survey at the Dewey-Burdock in situ uranium recovery facility located in Fall River and Custer Counties, South Dakota. Enclosed is the summary of each webinar and teleconference call session.
