The Honorable John Barrasso
Chairman, Committee on Environment
and Public Works
United States Senate
Washington, DC 20510

Dear Mr. Chairman:

The U.S. Nuclear Regulatory Commission (NRC) is publishing the following document in the *Federal Register*:

- Title: “Medical Use of Byproduct Material – Medical Event Definitions, Training and Experience, and Clarifying Amendments” [RIN 3150-A163; NRC-2008-0175].
- Description of the document: The NRC is amending its regulations related to the medical use of byproduct material, which were last amended in 2002. Over the past 14 years, stakeholder’s members of the medical community have identified certain issues in implementing these regulations. As a result, the NRC is updating its regulations to address technological advances and changes in medical procedures, and enhance patient safety.
- Dates: The effective date of this final rule is 180 days after publication.
- This is not a major rule as defined by the Congressional Review Act.

For more information, see the enclosed document.

Please contact me at 301-415-1776 if you have questions or need more information.

Sincerely,

/RA/

Eugene Dacus, Director
Office of Congressional Affairs
