Summary of Meeting:

On June 8, 2018, staff from the NRC conducted a public meeting with representatives from SNC to discuss issues associated with the safety review of licensing actions for SNC's VEGP Units 3 and 4. Specifically, the meeting discussed draft RAI responses and related matters regarding LAR 17-037.

- Regarding SNC's May 22, 2018, draft response to RAI LAR 17-037-6, SNC clarified two points in response to staff questions and indicated it would make appropriate edits to the RAI response:
- Regarding SNC's original LAR submittal dated December 21, 2018, the staff requested SNC discuss at a future public meeting any evaluations it had performed using the proposed screening criteria, in addition to the ones included in Enclosures 6 and 7 of the original submittal.
- Regarding SNC's May 25, 2018, draft response to RAI LAR 17-03-2, SNC indicated that, based on their experience from the recently concluded onsite audit, it planned to provide a revised draft response.

At the end of each topic discussed and before closing the open portion of the meeting, there was an opportunity for the public to provide comments and ask questions.
