Hello Mr. White,

I understand that you will be providing us this afternoon with a new version of the Tribe's June 12 cultural resources survey proposal for the Dewey-Burdock ISR site. Because the NRC staff is still determining how to respond to the June 12 proposal, we would like to consider your revised document before doing so. Given our expectation of this new information from the Tribe this afternoon, and without knowing the nature of those changes, we do not plan to conduct any activities at the Dewey-Burdock ISR site tomorrow. We are letting the other invited Tribes know this as well. We look forward to receiving the information you have indicated you will be sending us today.

Thank you,
Diana
