Diana, Emily,

I need to leave the office to attend to threats posed by the 416 Fire and Kyle has been in the field today on other matters. We expect to have the updated draft to you tomorrow morning.

Perhaps we can schedule a time in the early afternoon Friday to discuss NRC's response on the updated OST proposal. On the call, we can also discuss adjustments to the June 8 schedule for the week of June 18 to reflect the progress made this week.

My schedule is open Friday, so I will leave it to others' availability to set a call.

Thanks,

Travis

Hello Mr. White,

I understand that you will be providing us this afternoon with a new version of the Tribe's June 12 cultural resources survey proposal for the Dewey-Burdock ISR site. Because the NRC staff is still determining how to respond to the June 12 proposal, we would like to consider your revised document before doing so. Given our expectation of this new information from the Tribe this afternoon, and without knowing the nature of those changes, we do not plan to conduct any activities at the Dewey-Burdock ISR site tomorrow. We are letting the other invited Tribes know this as well. We look forward to receiving the information you have indicated you will be sending us today.

Thank you,
Diana
