Yes we got it and have it filed.

Thanks

**Ron Orton**

Ron/Craig:

Did either of you receive my email from Monday 6/18 with attached inspection report? I am looking for an email from you acknowledging receipt. If you didn't receive it, let me know and I can resend.

**Subject:** NRC Inspection Report 030-38532/2018-001

Hi Ron,

Thanks for taking the time to speak with me today regarding the results of the NRC inspection. I apologize for the delay in concluding the inspection, but the time allowed me to research the area we discussed during the inspection, involving the loaning or renting of portable nuclear gauges. As you noted, Allied's current policy is to not loan or rent out portable nuclear gauges.

On our call, I neglected to mention that the NRC is still processing the amendment request that you submitted following the inspection regarding your storage location. You will be notified by separate correspondence regarding this matter.

The attached Inspection Report transmits the results of the NRC's inspection, indicating that no violations were identified. No response to the Inspection Report is required. However, I do request a courtesy email confirming receipt. Please retain the attached Inspection Report for your records. Thank you.

If I can be of any assistance in the future, please contact me.

Janine
