To whom it may concern:

I am writing to request a renewal of Materials License #SNM-1171 currently held by Jackson Community College. I am the authorized user of the material listed on that license, and the Radiation Safety Officer.

The sole item on the latest amendment of the license (Amendment No. 12) is a Cobalt-60 source that is sealed in glass. This source has not been used in many years, and the license is currently only for possession and storage until the source can be disposed of. We hope to arrange for disposal during the upcoming academic year.

Thank you for your assistance in this matter. If you require more information, please feel free to call my office at (517) 796-8583, fax me at (517) 796-8637, or e-mail me at:
