Document: NRC-2016-0119-DRAFT-0048
Comment on FR Doc # 2018-08714

Submitter Information

Name: River Anonymous

General Comment

SMR development at the Clinch River site is a vital step in the right direction for the deployment of next generation nuclear technology. This is not only an exciting project for Tennessee but also one for the U.S. as a whole and its burgeoning Gen-IV nuclear industry. As someone in their mid-20's, this is the type of project that makes me excited and hopeful for the future of the planet!
