Dear Mr. Surovi:

It has come to our attention that U.S. Nuclear Regulatory Commission (NRC) License Number 24-17450-01, was amended (Amendment No. 36 issued on January 24, 2018) and the possession limits listed on the license have been reduced. Based on the current possession limits on your license and License Condition 20 which further restricts your possession of licensed material to below the thresholds that would require financial assurance, we have confirmed that decommissioning financial assurance is no longer required. Therefore, we have cancelled the approved financial assurance documents listed below and are returning them for your records:

1. Payment Surety Bond No. 5911934 dated July 17, 1997;
2. Amended and Restated Trust Agreement dated June 28, 2000;
3. Amendment to the Amended and Restated Trust Agreement dated October 2, 2009;
4. Third Amendment to the Amended and Restated Trust Agreement dated February 11, 2014;
5. Fourth Amendment to the Amended and Restated Trust Agreement dated June 26, 2014;
and
6. Fifth Amendment to the Amended and Restated Trust Agreement dated August 25, 2016.

In addition, we are returning the following financial assurance documents, which we have not taken any action on:

1. Letter of Credit No. 61630144 dated December 10, 2004;
2. Letter of Credit No. 61630145 dated December 10, 2004;
3. Amendment to Letter of Credit No. 61630144 dated December 14, 2004;

5. Amendment to Letter of Credit No. 61630144 dated January 8, 2014; and
6. Standby Trust Agreement dated August 25, 2016.

In accordance with Title 10 of the *Code of Federal Regulations* (CFR) 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC's Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC's website at <http://www.nrc.gov/reading-rm/adams.html>.
