I think the last time when we included others except Tribes (ACHP for example) we were forced to postpone and issue a public meeting notice.

When I spoke to Duncan, he indicated that an email would suffice for G-2-G.

Duncan...can you weigh in?

Yes, Jeff. I sent an email to THPOs. However, I did not publish the public meeting notice. I think that is what Duncan is indicating needs to be on the NRC Web soon. Do you have a sample that you have used?

You sent out the last Tribal Webinar Announcement (held last year) I believe you emailed something to Tribes. I am showing nothing in my files for an STC letter or email to Tribes

that I sent.

Nevertheless, attached is our latest STC letter that we sent for a Webinar that we are holding with State Liaison Officers in May.

Jeffery:

Please let me know if you need assistance with the meeting announcement. I am out of the office on a Tribal visit next week. My last day in the office this week is Thursday.

Thanks,
Sandy

If I remember correctly, I thought you sent an email out to announce the last Webinar to Tribes. Duncan felt we can announce it that way or by phone. Duncan did ask that we get the meeting notice out no later than April 11.

No. Since this is technically government to government, an email or call may be enough.

Let me check with Sandra. I think she may have just sent an email out.

If she just sent an email out or called them....Does something more official need to be done this time?

I just checked. For the May 31, 2017 webinar last year, we did not issue a meeting notice nor a STC letter.

Meeting Notice - Is this an STC letter? Or, is it something different? How were people notified for last year's Tribal Webinar?

Do you have something I can crib from for creating the notice?

Jeff:

Let's schedule the webinar for April 26 at 3 pm EDT. The name of the webinar will be "Update on the State of Wyoming Becoming an Agreement State." No camera, just audio with a PowerPoint presentation. I will be in the office that day, so let's conduct the webinar from an office that has a conference phone and computer screen.

Presenter: Duncan White, Senior Health Physicist, Agreement State Programs Branch

Description of Webinar: The presentation will provide an update on the current status of the State of Wyoming application's to become an Agreement State. Topics to be covered in the webinar will include 1) an update on Wyoming's progress in the Agreement application process over the last year; 2) the status and actions taken on the Programmatic Agreements and Memorandum of Agreements; and 3) the publication of the draft NRC staff

assessment of the Wyoming agreement application for public comment. The webinar will conclude with a question and answer session.

Like the last time, this will need to be announced as a public meeting and notice placed on the NRC web site. This needs to be completed by April 11. If you could take the lead in putting the meeting notice together and getting it approved, I would appreciate it.

Thanks,
Duncan

April 26 works for me.

Who is sending the notice? Is it an AS letter? Is it email blast to certain tribes?

I can setup the Webinar stuff in Citrix and send you a registration link to add in the email or letter.

All I need from you is a Title of the Webinar, Few sentence Description, Name of Presenter, and date/time.

Also, will we need to have the Webinar with camera shot like when we did the Tribal Webinar last time? Typically, my Webinars do not use a camera, but I can set it up that way if you want.

Sandra and I were looking at either April 24 or 26 in the afternoon. I would prefer the 26th. What is your availability?

We would need to get the meeting notice out no later than April 11.
