Duncan:

After confirming with AV/Photo, they indicated that the two below links are to the Tribal Webinar. The bottom one is for Window's Media players. I sent the top link because that was the one that worked on my computer (the bottom link did not work for me)...so perhaps the bottom link will work for him.

1. Wyoming's Application to Join the NRC Agreement State Program and the NRC Tribal Policy Statement:

Jeff:

See Yufna's email. Do you know what the issue may be? I just went to the site and it worked for me (I'm working from home using Citrix).

Hello. I went to check the link and the player says error. If you also have some language for this please let me know so I can review it. We are still opposed until we see something in writing. Thanks!
