Ms. Quaempts:

Sandra and I appreciate you taking the time to discuss the consultation request form we received. I want to confirm that the NRC is not requesting consultation on the Wyoming draft agreement application. Our letter to the Northern Cheyenne Tribe on the draft agreement was strictly meant to inform you our activities.

If you have any additional questions, please feel free to contact me.

Regards,

Mr. Schierman,

I attempted several times to access information for review via website as shown on correspondence but was unable to retrieve it.

The correspondence on letter sent to our office was dated 4/25/17, however, it did not reach our office until 5/9/17. My office reviews correspondence in the order received. Therefore, I apologize for the inconvenience this may have caused due to what appears to be a delayed response from our office.

Note: My office accepts consultations and correspondence via email. Our mail does not reach our office in a timely manner from administration. Thank you for this consideration.

Thank you for contacting our office,

Kristina M. Quaempts
