Re: License Number 21-32626-01

Ms. Cender,

Thank you for your call this morning. Even though we were authorized to possess up to 3 portable nuclear gauges, I have only ever possessed one portable nuclear gauge since receiving our NRC license. This gauge was a Troxler 3440 portable nuclear gauge, serial number: 37925.

If you have any questions, please contact me.

John P. May

**Subject:** May & Associates, Inc. NRC License No. 21-32626-01 Termination

Hello John,

Thank you for taking time out of your morning to discuss your recent license termination request. A review of your licensing history indicated that you have previously been authorized to possess up to 3 portable nuclear gauges. Per our discussion, please submit a signed and dated response (1-2 sentences is fine) confirming that you have only ever possessed the one Troxler 3440 nuclear gauge. You may submit your response as an attachment via email or via fax to our regional office at 630-515-1078.

Please feel free to contact me at 630-829-9712 or via email if you have any questions.

Thank you,  
Laura
