Draft Letter to Nuclear Energy Institute Regarding Clarification of Regulatory Paths for Lead Test Assemblies

Document: NRC-2018-0109-DRAFT-0032

Comment on FR Doc # 2018-14121

Submitter Information

Name: Linda Greene

General Comment

I totally and emphatically disapprove allowing nuclear plant owners to conduct unreviewed and unapproved experiments with new fuel pellets and fuel rods in nuclear power reactors and in what amounts to the public's backyards. The citizens should be given a chance to examine the experiments and to agree or disagree with them. Anything else is undemocratic and violates the precautionary principle.
