Good Morning Mr. Johanning,

We did not update the picture in Attachment 1 as the drawings you provided did not have the new company name. Also, it is our understanding that there may be devices still in use that may have the SAIC name.

If you could provide us with a picture similar to the one contained in Attachment 1 of the SSDR and an updated label, we can re-issue the SSDR with the updated attachments.

Thank you,  
Celimar

Hello Ms. Valentin-Rodriguez,  
Thank you for the new License & SSDR.

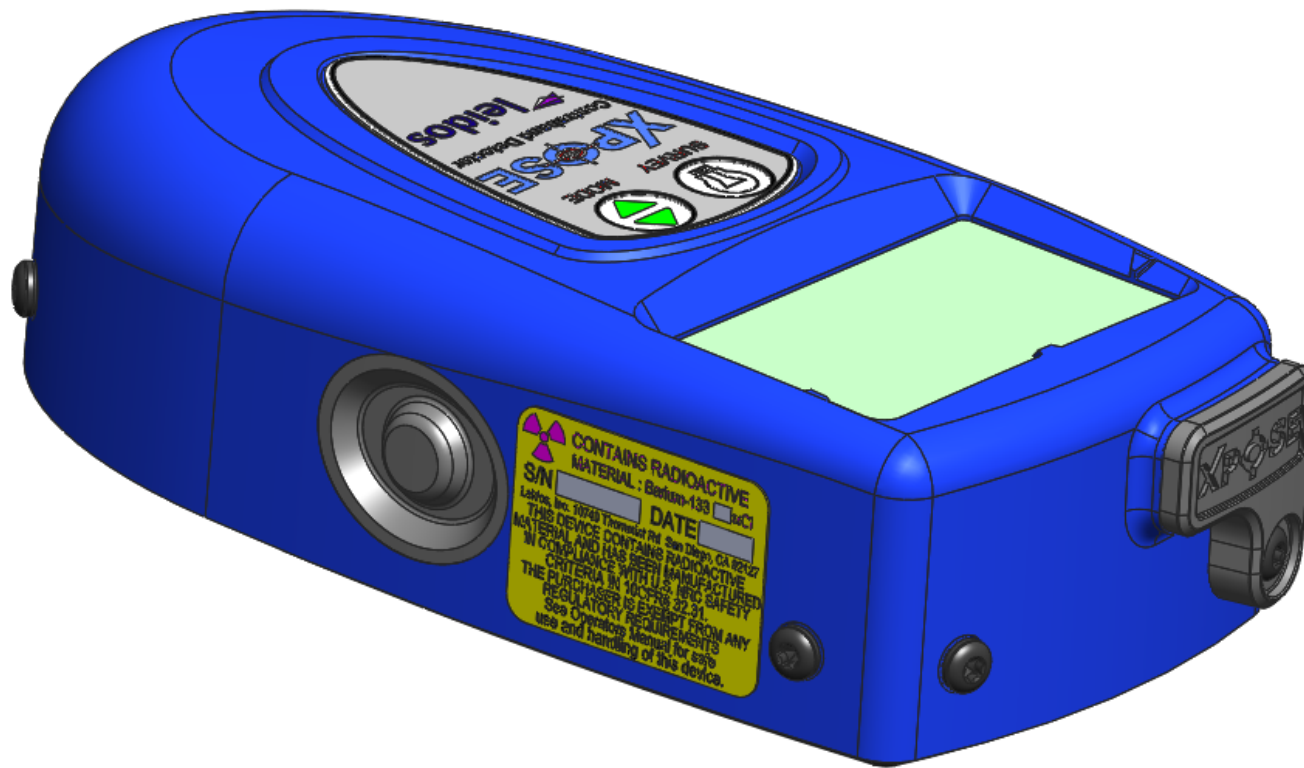

I do want to check on a couple items for our SSDR (NR-1373-D-101-E).

- Attachment 1: This attachment is a picture that is quite outdated. It shows our old company name (SAIC). Attachment 5 from our amendment request dated 4/23/18 (ML18123A484) may serve as an updated picture that also shows our new IP-56 top cover.
- Attachment 2: This attachment for Xpose maintains the activity as currently preprinted on the label; and Attachment 3 has the new label where the activity is stamped by us. If you would like, I can provide you an equivalent Attachment 2 except for the preprinted activity, with approx dimensions that agrees with attachment 3.

If you would like to include these changes in the document please let me know.

Thank you,

Jeff Johanning
