Dear Mr. Hedderich:

This is in reference to the letter from the Radiation Safety Officer dated April 30, 2018, notifying us that additional time was needed to update the Decommissioning Funding Plan (DFP); and your letter received June 12, 2018, notifying the NRC that of your proposed new Ionizing Radiation Control Committee (IRCC) Chairperson. These letters are accepted as the required notifications. We understand that the revised DFP was completed and received by the NRC on July 3, 2018, and will be reviewed in a separate licensing action from these notifications. We have no objection to your appointment of the new IRCC Chairperson.

No further correspondence on these matter are required. Amendment of your licenses is not required as the DFP is not listed on your licensed, and the IRCC Chairperson is not named on the licenses.

Your cooperation is appreciated.

Sincerely,

A handwritten signature in black ink, appearing to read "Betsy Ullrich". The signature is fluid and cursive, with a large initial "B" and a long, sweeping underline.
