**Subject:** [External\_Sender] Lost Creek Loss of Bleed Notice (SUA-1598)  
**Date:** Thursday, July 12, 2018 10:08:45 AM

---

FYI. A loss of bleed occurred at the Lost Creek ISR Project between 7/7-7/8/2018 for approximately 22.5 hrs. The loss of bleed was due to the outage of the compressor system that caused the Plant flow to shut down (i.e. no injection, production, or bleed flows). Flows were restored in the afternoon of 7/8/2018.
