Dear Mr. DeLaBarre:

Enclosed is an application (XSOU8848), dated July 5, 2018, received by the U.S. Nuclear Regulatory Commission from Louisiana Energy Services, LLC for the export of 2000 kilograms per calendar year of natural uranium in the form of uranium hexafluoride heels. URENCO USA intends to return the emptied natural cylinders to Cameco for reuse.

Assurances from Canada that the material will be subject to all of the terms and conditions of an agreement for cooperation, are required. Your assistance in obtaining the necessary assurances will be appreciated.

Please note that the material is of Australian, Canadian, and EURATOM origin. Thus it has Australian, Canadian and EURATOM obligations.

Sincerely,

A handwritten signature in black ink, appearing to read "Peter J. Habighorst".
