General Comment

Contrary to popular believe, not everyone believes that President Tiny Hands is a blithering idiot. For example Sean Hannity thinks that Trump is doing a really great job with his trade wars and twitter wars and daily walk backs of misstatements. And it's not just Hannity -- I'm sure that Limbaugh feels the same way. So just because other GOP reps referred to President Tiny Hands' capitulation to Putin as "embarrassing," "weak," "surreal," "dangerous," "shameful," "disgraceful," etc. is no reason to despair. A small fraction of wingnuts are still on board with the program!

However there is general agreement that Rick "Smart Glasses" Perry is two rods short of a reactor.
