Scheduling of Operator Licensing Examinations

1. Letter from NRC to TVA, "Nuclear Regulatory Commission, Regulatory Issue Summary 2018-02, Preparation and Scheduling of Operator Licensing Examinations," dated March 26, 2018 [ML18029A423]

2. Letter from the TVA to NRC, "Response to NRC Regulatory Issue Summary 2018-02, Preparation and Scheduling of Operator Licensing Examinations," dated April 27, 2018 [ML18117A169]

The Nuclear Regulatory Commission (NRC) Regulatory Issue Summary 2018-02 requested specific information regarding the Browns Ferry Nuclear Plant projected operator licensing examination schedules and the estimated number of applicants. The Tennessee Valley Authority (TVA) provided the estimated exam schedule through 2023 in the letter referenced above dated April 27, 2018.

However, due to a change in the number of candidates in the 2019 class, TVA is providing the enclosed revised exam schedule through 2023.

There are no new regulatory commitments associated with this submittal. Should you have any questions concerning this response, please contact Robert D. Busick at (256) 614-8188.
