Subject: Supplemental Information Pertaining to Fee Exemption Request for NEI 05-05, *Force-on-Force Exercise Controller Responsibilities Guideline*, Revision 6

Project Number: 689

Dear Ms. Wylie:

The Nuclear Energy Institute (NEI)¹, on behalf of its members, does not object to the Nuclear Regulatory Commission publishing NEI 05-05, *Force-on-Force Exercise Controller Responsibilities Guideline*, Revision 6. Furthermore, NEI 05-05, Revision 6 was marked to withhold under 10 CFR 2.390 due to the security related information contained within the document, not as a result of proprietary information.

Upon review of NRC comments, NEI will subsequently remove "for member use only" from NEI 05-05, Revision 6 before resubmittal to the NRC.

¹ The Nuclear Energy Institute (NEI) is the organization responsible for establishing unified industry policy on matters affecting the nuclear energy industry, including the regulatory aspects of generic operational and technical issues. NEI's members include entities licensed to operate commercial nuclear power plants in the United States, nuclear plant designers, major architect/engineering firms, fuel cycle facilities, nuclear materials licensees, and other organizations and entities involved in the nuclear energy industry.
