Subject: REQUEST FOR CLARIFICATION FOR FOUNDATION HEALTH LLC D/B/A FAIRBANKS MEMORIAL HOSPITAL LICENSE # 50-13648-01 DOCKET # 030-03509; CONTROL # 602198

Importance: High

Good Afternoon Dr. Burton: Please note that your current license and license conditions have been updated in a new format – web-based licensing (WBL) system. This WBL system requires us to designate maximum possession limits per radioisotopes, source manufacturer and model number(s), including 10 CFR 35.400 material.

Please specify the number of sources you possess (or wish to possess) for the radioisotope, source manufacturer and model number to be listed on the license by updating Items 6.D., 7.D., and 8.D. of your license, as necessary.

This information is requested because eventually, the WBL system will be a component of an Integrated Source Management Portfolio, allowing vendors to verify authorization via the internet prior to shipping.

I apologize for the short turnaround time but if you would, please clarify this information to me **NLT COB Thursday, April 19, 2018** in pdf format on signed and dated letterhead.

Please do not hesitate to contact me if you have any questions regarding the above.

Thank you in advance for your assistance and prompt response in this matter.

Sincerely,

Ms. Jacqueline "Jackie" D. Cook
